Operational Elements of DEJI Model

All the operational elements embedded in the DEJI logo image (Mark Detail) are explained and described as presented below:

- **Design** embodies **Agility, Define End Goal**, and **Engage Stakeholder**.
- **Evaluate** embodies **Feasibility, Metrics, Gather Evidence**, and **Assess Utility**.
- **Justify** embodies **Desirability, Focus on Implementation**, and **Articulate Conclusions**.
- **Integrate** embodies **Affordability, Sustainability**, and **Practicality**.

For training purposes, these elements interface and interact systematically to enhance overall operational performance of organizational
