Area Description:
Project area is located in Medical Springs (mostly Union County), approximately 35 miles northeast of Baker City, near Thief Valley Reservoir. The project area is 3,500 acres, with approximately 100 net treatment acres. Whitetop is the target species, however other noxious weeds such as thistles should be treated. The project is located on private property (12 landowners) and will require that the contractor work closely with the landowners and Tri-County to coordinate treatment areas. Landowners have agreed to provide at least 30% cash match for whitetop spraying and several have committed to 1:1 match. Much of the project area can be treated with ATV or UTV, but areas of steep draws will need to be treated using backpack sprayers. Please fill out the hourly bid rate sheet attached in you are interested in this project.

Approved Herbicides:
Tri-County will provide all herbicides, surfactants, and dyes needed to complete this job

Treatment Timing: May 2020

Budget: not to exceed $10,000, with an additional $5,000-$10,000 cash match from landowners

Contractor’s Responsibilities:
- Identification of whitetop and thistles
- Supplying all personnel and equipment necessary for the job to be completed.
- At least a 90% treatment (dead or blue) of all weeds identified within the project area.
- Provide all treatment records, invoice, track logs, point, and/or polys need to be submitted to Tri-County post treatment for approval prior to payment.
- Any photo points requested by Tri-County CWMA should be submitted within a timely manner following project completion.

Tri-County’s Responsibilities:
- Acquire landowner permission for entering property.
- Upload or send to contractor’s GPS all required points and track logs, along with any maps requested by contractor.
- Provide all herbicide, surfactant, and dye.
- Inspect project just prior to completion to allow the contractor to correct any missed plants before the contractor leaves the site.
- Contractor will be paid in full within 60 days of project completion approval by Tri-County staff.
