The Chancellor’s Scholar is a prestigious scholarship awarded annually to the country’s most gifted and talented youths with a genuine interest in pursuing a career in academia in UBD. The holders of this Scholarship will receive exemplary education at the level of Master and/or Doctorate degree at first class universities worldwide. Scholars of high calibre will be nurtured with personal development programmes, mentorship, as well as placements with academics at UBD and overseas institutions. Candidates will contribute as academics and researchers as well as future leaders, managers and planners of UBD. The candidate will be given the exciting opportunity to be part of the university’s vision to become a world class university.

The scholarship includes tuition, air fares, monthly subsistence and travel allowances, opportunities to attend personal and professional development programmes locally and overseas, professional placements locally and overseas, including post doctoral placement and mentorship. Application details and further information can be found at www.ubd.edu.bn.
